# Who controls your newsfeed?

“If the users don’t control the program, the program controls the users. With proprietary software, there is always some entity, the » owner« of the program, that controls the program and through it, exercises power over its users. A nonfree program is a yoke, an instrument of unjust power.”

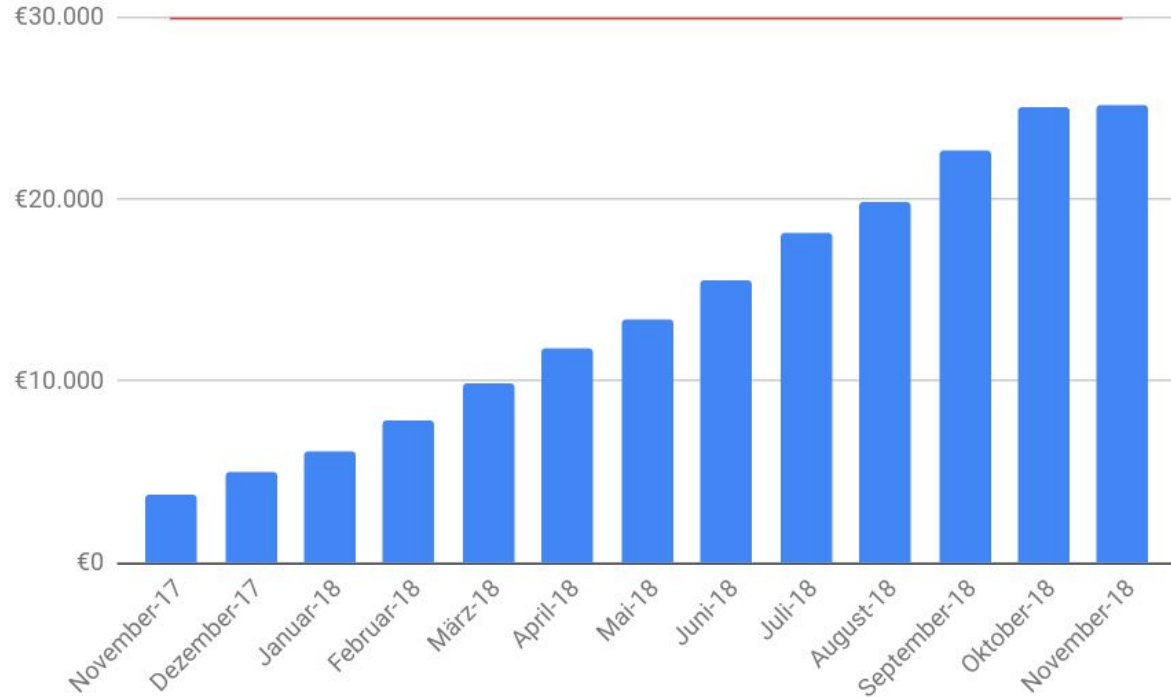

- *Richard Stallman*

# Current staging environment - Code name "Nitro"

“ Many small people in many small places do many small things, that can alter the face of the world.

- African proverb

A screenshot of the Human Connection login page. On the left, there is a small UK flag icon and the Human Connection logo, which consists of a colorful globe with a heart shape in the center, surrounded by a diverse group of people. Below the logo is the text "HUMAN CONNECTION.ORG". To the right of the logo, the text reads "If you already have a human-connection account, login here." Below this text are two input fields: the first is labeled "user" and contains the text "user"; the second is labeled "Your Password" and contains a lock icon and a help icon. Below the input fields is a green "Login" button with a white arrow icon. At the bottom of the form, there is a link that says "What is Human Connection?".

 If you already have a human-connection account, login here.
